## MANY CATHOLIC CHARITIES GET HUGE BEQUESTS

Roman Catholic charities will receive more than a million dollars under the will of David E. Tracy, late of Harrisburg, under the fifth and final account of the Central Trust company, surviving trustee, which has been confirmed by Judge J. Colvin Wright, of Bedford county.

The final account, which shows that the estate gained more than \$250,000 in value while in trusteeship, provides that the residuary of the estate, which aggregates \$811,202.38, is to be divided into two parts. The first part is given outright to the Most Rev. George L. Leech, Bishop of the Harrisburg Catholic Diocese, to equip and erect an addition to the Harrisburg Catholic high school, while the other half is given to Bishop Leech in trust and the income is to be used for the maintenance of the same high school.

**\$20,000 for Hospital**

Tracy was president of the Harrisburg Pipe and Pipe Bending company, at the time of World War I, and was also a director of the Central Trust company. His death occurred February 10, 1923. His net estate after taxes and expenses were deducted totaled \$1,602,202.38.

After a \$20,000 bequest to the Harrisburg hospital and \$50,000 bequests each to a niece, Mrs. Elizabeth Tracy McCormick, Chester, and a nephew, Dr. Henry M. Tracy, Wallingford, Delaware county, the following trust funds are set up with the Central Trust company as trustee: Sylvan Heights home, \$100,000; Paradise Rectory, Abbotstown, \$100,000; Bishop George L. Leech, fund to educate young men for the Roman Catholic priesthood, \$50,000; St. Mary's Catholic Church (Our Lady of the Blessed Sacrament), \$50,000; St. Vincent de Paul society, \$10,000; Sisters of Mercy, Harrisburg, \$50,000; all Roman Catholic institutions; Harrisburg Community Chest, \$50,000.

Tracy's widow, Mrs. Gertrude Hemler Tracy, left an estate of \$632,677.09 in trust with John Arthur Brown, New York attorney, for the benefit of her sisters. Specific charities before the trust fund was created aggregated \$32,425.82. All of these were Roman Catholic charities except \$12,000.

C.; Sacred Heart Free Home for Incurable Cancer, Philadelphia; Paradise Rectory, Abbotstown; St. Joseph's home, Jersey City; St. Joseph's hospital, Lancaster; Sisters of the Good Shepherd, Reading; Sylvan Heights home, Harrisburg; Bishop of the Harrisburg Diocese for the education of young men to the priesthood; Harrisburg Catholic High school, Society for the Propagation of the Faith and the Harrisburg hospital, each \$500; Children's Home of Harrisburg, \$100; Sisters of Mercy, \$7,500; Mercy Home, \$7,500; the Rev. ## Marshall And Lovett Leave State Department; Truman Names Acheson As Secretary

Washington, Jan. 7 (P)—Secretary of State Marshall and Undersecretary Lovett resigned today and President Truman named Dean Acheson to head the State Department.

Mr. Truman announced the action at a news conference. He said he is appointing Budget Director James E. Webb as Undersecretary of State.

The changes are effective January 20 when Mr. Truman will be inaugurated as President for his new term.

The President, when announcing Marshall's resignation and his acceptance, betrayed in his voice the affection he has always maintained for the World War II Chief of Staff.

"I think General Marshall is the outstanding man of that war period," he said.

Mr. Truman emphasized that considerations of General Marshall's health prompted him to accept the resignation, and that he did so "reluctantly and with deep regret."

Marshall underwent a kidney operation last month and is now at his home in Pinehurst, N. C., recuperating. His recovery has gone slowly and the announcement that the 68-year-old general would retire from the cabinet's No. 1 post was not unexpected.

Lovett, whom General Marshall brought into the State Department, said in a letter to Mr. Truman that he submitted his resignation "for personal reasons with which you are familiar."

Acheson, who will take over from Marshall, is former Undersecretary of State to whom President Truman became devoted during their frequent White House conferences.

Presently practicing law in New York and Washington, Acheson has a background of more than six years' experience in the State Department. He is 55.

Throughout World War II he served as assistant Secretary of State under Cordell Hull. He became Undersecretary August 27, 1945, and held this post until his resignation was accepted with "great regret" by President Truman effective July 1, 1947.

Since leaving the department, Acheson has kept in touch with government affairs as a member of former President Hoover's commission for reorganization of the government.

**Other Changes**

A native of Middletown, Conn., Acheson is a graduate of Yale college and the Harvard law school. After World War I service as a naval ensign he became private secretary to Supreme Court Justice Louis Brandeis and then entered private law practice.

Webb, 42, is a native of Oxford, N. C., and a graduate of the University of North Carolina. He was practicing law in Washington with the late O. Max Gardner, former governor of North Carolina, when President Truman appointed him budget director in August, 1946.

In switching Webb to the State Department, Mr. Truman named Frank Pace of Arkansas, now assistant budget director, to replace him as head of the Budget Bureau. Fred J. Lawton, a career officer in the Budget Bureau, was advanced to assistant budget director.

## BULLETINS

Washington, Jan. 7 (P)—President Truman denied today, emphatically and in detail, a published story that he is engaged in a fight within his cabinet to soften U. S. policy toward Russia. At his news conference the Chief Executive asserted that there is no change in this country's foreign policy. He said the article, by Jay Franklin in Life magazine, is without foundation in fact in nearly every instance and paragraph.

Tel Aviv, Israel, Jan. 7 (P)—Israel's army announced their Operation A, the offensive in the Negev desert, ended today with Egyptian forces hurled from Israeli soil and Jewish patrols back from deep penetrations into Egypt. The general staff ordered Israeli troops to cease fire, remain in their positions and shoot only if fired upon. The truce is a prelude to armistice talks with the Egyptians aimed at ending the war in southern Palestine.

## PROBATE WALTMAN WILL

A petition for probate of the will of Samuel Waltman, Gettysburg, who died January 1, has been filed in the office of the register and recorder by two brothers, Charles A. Waltman, Port Royal, Pa., and John Waltman, Hanover. The petition shows the decedent left \$175 in personal property and no real estate.

Mrs. Della Miller, Gettysburg R. 1, has sold her 131-acre stock farm in Mt. Joy township to Emil and Jeanne E. Klingel, Philadelphia. Possession will be given February 1. The sale was made through John C. Cream.

## President Sets Economic Goals For U.S. In Report

Washington, Jan. 7 (P)—President Truman expressed firm belief today that this country can attain its goal of continuous "maximum employment, production, and purchasing power."

He cautioned, however, that "our unparalleled prosperity has not been maintained by chance, and that we can lose it if we leave the future to chance."

He acclaimed the halt of the long price rise as the welcome signal of an approaching "stable" prosperity, not of an oncoming depression.

His annual economic report told Congress that the "fair deal" program he laid before it Wednesday is a two-edged weapon of government—that it is "anti-depression" as well as anti-inflation.

Mr. Truman fixed these national goals for the year: another million-man increase in employment, to a yearly average of 60,000,000 civilians at work; and another three to four per cent boost in production.

Production last year was reported, in the dollar value of all goods and services produced, out at the historic high of \$252,700,000,000. But the gain which Mr. Truman wants is in terms of actual goods and services, with the dollar inflation squeezed out.

The president's report showed that personal income in 1948 was \$211,000,000,000. He said consumer income rose about in proportion to the climb in consumer prices.

But he declared that profits are swollen to "excess" and that "dangerous inflationary forces" still imperil the economy. Backing up his eight-point request for control legislation, he told the Democratic Congress in a report that he sent to the House by messenger: "We need to have available a range of governmental measures which can be applied as a brake or as accelerator according to the need."

His proposed \$4,000,000,000 tax increase, to be drawn mainly from corporation earnings, can be applied "without unduly interfering with prospects for continued business expansion," Mr. Truman said.

The report was notably more conciliatory toward business than the State of the Union message which, 48 hours earlier, stressed the inflationary hazard and failed even to mention the price declines of recent months.

## FREE SERVICE IN AMBULANCE NOW AVAILABLE

Free ambulance service for any Adams county and from anywhere in the county to the Warner hospital is now in effect, Walter R. Doud, administrator of the hospital, announced today.

It was also announced today by Joseph E. Codori and Attorney Richard A. Brown that \$1,306 had been contributed to the ambulance service fund to employ full time drivers who will work in eight-hour shifts each day.

The new service will be for all cases in the county and will be furnished without charge. The ambulance will be on immediate call at any hour of the day and night and will be available to any county regardless of where he or she lives.

**Need More Money**

"While we have not attained our goal of \$4,000 to provide this service we have sufficient funds to start it and feel confident that sufficient voluntary subscriptions will be received to assure continuance of the service," Mr. Doud said in announcing the new hospital service.

New donors to the fund were announced by Messrs. Codori and Brown as follows:

\$50: Carroll Shoe company, Littlestown.

\$25: Gettysburg Water company; Farmers and Merchants bank of New Oxford; Aspers Fire company; Benderville Fire company; National Fruit Product company; Barlow Fire company.

\$20: Benderville National bank.

\$15: Glenn L. Bream; Victor Products Corporation.

\$10: Arendtsville National bank; Gettysburg Ice and Storage.

Donations totaling \$1,036 were previously announced.

Those wishing to donate to the ambulance service fund may send their checks to Mr. Codori, Attorney Brown or to the Warner hospital.

The Rev. Mr. Brown will present himself for admission to Carlisle Presbytery on Monday at Carlisle and arrangements are expected to be completed then for his installation here later in the month. Meanwhile he is supplying the local pulpit.

The arrival of the Browns here was delayed until improvements were completed in the manse.

## NAME NEW COOK AT COUNTY HOME

The Adams County home, beginning Monday, will have a man as chief cook for the first time within the recollection of Clarence C. Smith, clerk to the county commissioners.

The commissioners met Thursday at the county home, and employed David (Gus) Menchey, Breckenridge street, as chief cook. Mr. Smith said that all the cooks at the home as far as he can remember have been women.

A committee from the County Home auxiliary, headed by the Rev. Dr. Ralph R. Gresh, met with the commissioners Thursday and received permission to use the living room of the administration building for entertainments and other events which may be planned and held by the auxiliary for the residents of the home.

The commissioners received reports and inspected the progress of improvements, including the new wiring, in the men's building. Mr. Smith said the new wiring will be completed shortly.

## 3 COUNTIANS ARE FINED \$200 EACH ON ILLEGAL DEER

Three county men charged by Game Protector Leo Bushman, Baltimore street, with illegal possession of deer, were fined \$200 each and costs Thursday by Justice of the Peace John H. Basehore.

Scott Swisher, Iron Springs R. D., was given until Saturday night to pay the fine and costs.

Harry Patterson, Iron Springs R. D., spent one day in jail when he first said he would be unable to pay his fine, authorities said. He later paid it, and was released.

Bushman said that Chapman, Swisher and Patterson had parts of the carcasses of two deer, one buck and one doe, allegedly killed on Monday, at their homes when he and Richard Hamm, Hanover, deputy and farm game manager for Adams county, searched their homes on Wednesday.

The deer were killed near Iron Springs, Bushman said.

## DEATH TOLL IN WEST'S STORM MOUNTS TO 17

(By The Associated Press)

Fair weather and rising temperatures today helped speed relief work in the storm-harassed areas of the west and in the flooded regions of four southern states.

But the damage from the blizzard in the western states and the earlier freezing weather in California took a heavy toll, both in lives and crops. Flood waters in Mississippi, Alabama, Tennessee and Georgia left more than 3,000 temporarily homeless.

As the job of rescuing the thousands stranded in the western blizzard belt continued, the death toll mounted to 17. Nine persons lost their lives in Wyoming, including a family of four, six in Colorado and two in western Nebraska.

**Huge Crop Losses**

As southern California's coldest weather in 35 years appeared ended, early estimates placed crop losses at more than \$25,000,000. The losses included \$10,000,000 in citrus crops; \$5,000,000 in vegetables, and more than \$10,000,000 in cut flowers.

In the Colorado-Wyoming storm area, train service was being restored but not all lines were cleared. Several of the passenger trains stalled in the plains arrived in Chicago today, nearly four days late. The Chicago and North Western's North-western University band special, carrying 260 bandmen and other students returning from the Rose Bowl football game in Pasadena, Calif., arrived today.

Nearly all highways in Colorado and Wyoming were open but huge drifts blocked many roads throughout western Nebraska. Planes were being used to rescue stranded motorists, and to drop food and supplies to isolated farm homes. Temperatures were well above freezing.

### Mississippi Hard Hit

The area hardest hit by floods in the southern states was along the Tombigbee river in extreme northeast Mississippi. The Red Cross estimated about 3,000 persons were forced from their homes, mostly in the lowlands, in the Aberdeen-Columbus stretch of the Tombigbee valley. Backwater overflow in the north Mississippi delta added to the flood menace along the Tombigbee river.

Columbus, Miss., was nearly surrounded by flood waters and only one railroad, the Gulf, Mobile and Ohio, was operating. Only one main highway remained open.

Streams were falling in Tennessee and north Georgia but many residents of the lowlands still were homeless. One person was reported drowned near Benton, Tenn.

## TRUMAN SPEECH AT A GLANCE

Washington, Jan. 7 (AP)—Here, in summary, is the nation's economic picture—the record, the outlook and the recommended shifts—as presented by President Truman in his economic report to Congress:

### The Goals

Employment — 60,000,000 civilian jobs, as against 1948's record-smashing average of more than 59,000,000.

Production—A gain of three to four per cent, about equal to last year's.

### The Outlook

Prices—The overall rise is at a "welcome" halt; but "dangerous inflationary forces" persist in steel, power and other fields.

Wages—They can rise in some industries without forcing inflationary price boosts. They rose irregularly last year.

Cost-of-living—Preliminary figures for December indicate it is still declining slightly.

The Record

Consumer income—It hit a record \$211,000,000,000 last year but, offset by price rises, brought "no appreciable gain" in real income.

Profits—Another record, \$21,000,000,000 after taxes. Mr. Truman said they are too high.

### The Recommendations

A repeat of the "fair deal" program he handed Congress Wednesday: A \$4,000,000,000 tax increase, falling mainly on business; an eight-point control program including stand-by price-wage and allocation controls; rent control for "at least two more years"; a 1,000,000-home public housing program; a social program embracing higher old-age insurance benefits, 75-cent minimum wage; and a long-range farm program.

### KILLED BY TROLLEY

Drexel Hill, Pa., Jan. 7 (AP)—As she was about to cross the tracks of the Red Arrow Lines, Mrs. Ida Snyder, 42, of Lansdowne, Pa., was struck and killed by a high-speed trolley, police reported. She was thrown nearly 100 feet by the impact of the car yesterday, and died in Delaware County hospital an hour after being hit.

### FATALITIES DROP

Harrisburg, Jan. 7 (AP)—Fatalities on Pennsylvania rural highways took a sharp drop in December from last year's figure, the state police said today. The month's 67 fatalities represented 26.37 per cent drop from the 91 reported in December, 1947.

### Further Decline In Living Costs

**State College, Pa., Jan. 7 (AP)**—Industrial activity in Pennsylvania showed a small improvement from October to November despite a national decline.

The Bureau of Business Research at the Pennsylvania State college made that report today. It also noted that living costs showed another month-to-month decline, indicating that perhaps the peak of inflation had been reached and passed.

Activity during November was at the highest level ever reported for the month in a peace-year, being exceeded only by 1943, the report showed.

The industrial activity index rose to 190 from 188 in October and 183 a year ago. The index is based on coal production, employee hours in manufacturing and industrial power sales.

### Pennsylvania 2nd In Manufacturing

**Harrisburg, Jan. 7 (AP)**—A legislative committee found today that Pennsylvania continues to hold "its time-honored place as the nation's second most important manufacturing state."

Set up by the 1947 legislature to find out why industry has not expanded and new industries have been decreasing, the committee said in a report to the general assembly: "The evidence does not justify these assumptions. New industries have located here, local industry has expanded and Pennsylvania still occupies a position above the national average."

### Urg 'Love And Good Will' For Communists

Buck Hill Falls, Pa., Jan. 7 (AP)—

A policy of approaching Communists with "love and good will" has been recommended in a report to the foreign missions conference, largest and oldest Protestant interdenominational agency in North America.

Communists are people "who need Christ's teachings and saving grace," said the report drafted by a committee during the four-day annual meeting of the conference and announced yesterday.

The report also recommended that the 61 Protestant denominations comprising the foreign missions conference: 1. Set up missionary programs everywhere to meet basic needs of the underprivileged masses; 2. Approach Communists with intelligent understanding of both the ideas of Communism and the essentials of Christianity; and 3. Adopt a pro-Christian rather than an anti-Communist attitude.

The missionary enterprise, at least, is not on the defensive against Communism. It should carry on its positive, constructive program whenever and to the extent possible.

## Pure To Miss Lehigh Game Here Saturday; Frosh Face Hershey Junior College "5"

An ankle injury sustained by Harry Pure, Gettysburg college center, during the holidays, will force the lanky Bullet star to miss the Lehigh game here Saturday evening, it was revealed today by Coach Henry T. Bream.

Pure may also miss the game at Bucknell next Wednesday but he is expected to be ready for the Lafayette clash here on January 15.

Coach Bream is expected to shift Walt Plechner to center for the Lehigh tilt with Bucky Harris, Ross Sachs, Bob O'Brien and Hank Belber completing the starting lineup. George Boehner is destined to play a large part of the game at center.

The Bullets will be gunning for their fourth straight triumph against the Engineers who have compiled a 2-2 record to date. Lehigh has a number of veterans from last season and the newcomers have made the team one of the most formidable in a long time at the Bethlehem school.

Johnny Yovicin's freshman team will make its debut when it clashes with Hershey Junior college in the preliminary game at 7 o'clock.

## ENFORCEMENT ON SANITY CODE MOVING AHEAD

San Francisco, Jan. 7 (AP)—The National Collegiate Athletic Association, embarked on a program to establish a high ethical standard among its membership, heard today that steady progress has been made in the enforcement of its year-old sanity code.

Most of the members are adhering to the code; a few still are ignoring it or violating parts of it, a survey conducted by the association's compliance committee has disclosed.

Clarence F. Houston of Tufts college, chairman of the committee, reporting to the membership, said: "This effort to make the NCAA a regulatory body will not take place overnight. If we can draw any parallel from the experience of

other educational associations which attempted to establish ethical standards, we shall be fortunate if we can regard ourselves as successful by the end of a three-year period."

Houston, head of a board which includes Ralph W. Aigler of the University of Michigan and James H. Stewart of Dallas, commissioner of the Southwestern conference, noted continuing violations as follows:

"There are some institutions, and I believe very few, which are paying little, if any, attention to the NCAA or its code. There are others, who by reason of tradition or pressures, size, location or other reasons are encountering difficulties in the transition period. They appear to be making efforts to put their houses in order."

## Today's Talk

### SILENT FRIENDS

We cannot have too many intimate and greatly beloved friends. We ought to gather them to us in relays, however, for as we grow older so many of them drop out, leaving us with but their memory. And we ourselves die a little with each one of our beloved.

The late Justice Holmes kept changing young law students, as secretaries and companions. These young men helped to keep the great Justice young — and how young he was, in mind and heart, even as he approached 90 years of age!

As youth and middle life recede, friends that we used to know, become scattered or else, as mentioned, we are deprived of them. But there are other friends that accumulate with the years, and which never desert us or die. I refer to books — our silent friends. Oliver Goldsmith once wrote that when he read a fine book it was as though he had gained a new friend, but after he had read it over again, it was like meeting with an old one.

Dr. Samuel Johnson found great peace near the close of his life in books. He said: "I have one more reason for reading, that time has, by taking away my companions, left me less opportunity for conversation." And there is this about a book friend — that friend is ever at hand, ready and willing. In many books we know the characters better than we do the authors, or even better than we know our flesh and blood friends with whom we come in contact from day to day.

The best of what an author is, he puts into his book. He is franker and more honest there than he is among those with whom he talks or contacts. As though he reserved himself for the longer life. How alive are such men as Shakespeare, Dickens, Longfellow, Holmes, Thoreau, Whitman — and a host of others, to this very day. These silent friends are deathless.

We can take these silent friends with us, at no expense, no matter where we go. They can be called for companionship, early or late. It is for us who love them, to command. Monuments crumble, nations are over-run, conquered, and even disappear — but books, our silent friends, remain throughout the ages.

Tomorrow Mr. Adams will talk on the subject: "Save."

### DAY BY DAY

Here starts another day! None knows  
What will occur before it goes,  
Nor surely after it has gone  
How many more will follow on.  
One day for all who live it through  
Allowed for what they choose to do.  
One day and ere the midnight bell,  
Triumphant they who live it well.  
Coming at night, without regret  
From every common test they've met.

And, looking back, can truly say  
No act of theirs has marred the day.  
One day that's sure! The past has gone.

But should tomorrow follow on,  
With all its needs, boy, play your part

With willingness of mind and heart.  
Remembering along the way  
Careers are made from day to day.

## NOTICES

### In Memoriam

**PETERS**—In sad but loving remembrance of my dear mother, Mrs. Blanche Pitzer Peters, who passed away six years ago today, January 7, 1943.

"Tis just six years ago today, In the winter cold and gray, You, my loving mother, closed your eyes.

And passed from earth to glory. You are sleeping, sweetly sleeping. Yes, the Savior called you home. It seemed so hard to part with you, Mother.

Because you were so good and kind. For many years we were together, But then we had to part. My heart is sad and lonely for you. Who is anchored in the realms of glory.

Your cheerful smile and kindly way, Are pleasant to recall. You had a smile for everyone, And died, recanting nothing. I would not call you back, dear mother.

For you are anchored safe, forever more. Safe you are, where we'll never say goodbye.

Sadly missed by her daughter, Mrs. Arthur Slaybaugh, Bendersville, Pa.

## Lava Tumbles Down Snow-clad Sides Of Erupting Mauna Loa In Hawaii

### THREATENS TO BLOCK ROADS ALONG COAST

Hilo, Hawaii, Jan. 7 (AP) — Lava tumbling down erupting Mauna Loa's steep banks was accelerating today. The big volcano erupted violently late yesterday.

The fiery flow, pouring from the snow-capped mountain, was moving in three streams estimated to be 12 to 15 miles long down the western slope.

If it maintains its present pace and direction, said Air Force Captain Orval D. Collings of Los Angeles, it will reach the western coast of the big island of Hawaii slightly north of the town of Keokea some time during the day.

#### "Beautiful Spectacle"

Unless the flow is blocked or slowed, the highway along the coast will be cut. Keokea is about 20 miles west of Mauna Loa's summit crater and about six miles southeast of the Captain Cook monument.

Collings, who flew over the crater with Air Force Col. P. M. Rasmussen of Boston, said the lava flow across the brilliantly white snow blanket was "a beautiful spectacle."

Marine Major Robert Flaherty of Spokane, Wash., and Waterloo, Iowa, buzzed the crater in a night fighter. He said he saw two new outbreaks south of the main crater about midnight. Rasmussen earlier had reported a fourth flow starting.

#### Lava Shoots Up 200 Feet

Pilots said the molten lava was bubbling from 50 to 200 feet into the air. Steam and smoke pillared up from the crater and mushroomed into a flat cloud about 2,000 feet above the summit. The ruddy light from the crater reflected brightly from the white underside of this cloud down upon the white snow cape on the crater slopes.

"The place was lit up like a flashlight picture," said Major

Flaherty. "You could see 20 to 30 miles."

Volcanologist Ruy M. Finch said there was little danger to life and property at the present. The crater summit is 32 miles from Kona, resort and fishing town on the west coast.

Air force pilots said smoke was boiling 18,000 feet above the peak—regarded by scientists as the world's most active volcano. Excessive sulphur fumes were reported.

#### Climbing To Summit

Heading for the summit by horseback were Frank Oberhansley, Hawaii national park superintendent, and a party of geological survey scientists. They had planned to reach the half-way point about midnight last night and push on early this morning.

Snow usually mantles Mauna Loa's upper slopes at this time of year, despite Hawaii's famed tropic climate. The mountain is 13,680 feet high.

Mauna Loa means "big mountain." Its last eruption was April 26, 1942. It was a war secret then, except to Hawaii and the thousands of servicemen massing here for the Pacific campaigns. Its lava flow moved to Hilo's outskirts and threatened a sugar plantation. Part of the flow was diverted by army bombs.

### TWO GET BAIL IN BRIBE ATTEMPT

New York, Jan. 7 (AP)—Two of four men accused of trying to "fix" a college basketball game were free on bond today, after a judge reduced bail in the case from \$50,000 to \$20,000 each. The other two men still were in the city prison.

State Supreme Court Justice Ferdinand Pecora reduced bail yesterday for the four men, but called the case "particularly mean and despicable."

Last night, bond was posted for Jack Levy, 40, of Miami, Fla., and William Rivlin, 43, of New York. The two still in prison are Joseph

All four have denied charges that they tried to bribe David Shapiro, 25, of Brooklyn, co-captain of the George Washington university basketball team, to "fix" a Madison Square Garden game with Manhattan college last Tuesday night. Shapiro has been praised by authorities for helping in a long investigation that followed the alleged bribe attempt.

### TO BEGIN SMOG STUDY MONDAY

Donora, Pa., Jan. 7 (AP) — This Monongahela valley town where 20 persons died during a recent heavy smog will become the scene of one of the most comprehensive studies of air pollution ever undertaken in the United States.

The U. S. Public Health service has announced it will begin an investigation here Monday. Two or more physicians, four nurses, a dentist, a medical technician, six engineers and two statisticians will make up the study group.

Dr. Leonard A. Scheele, U. S. surgeon general, said the investigation was requested by and will be made with the Pennsylvania

State Department of Health, the borough council of Donora and the United Steelworkers, CIO.

Dr. Scheele said the study will cover environmental and meteorological conditions as well as clinical examination of persons stricken by the four-day smog that blanketed the valley last October.

Meanwhile, the borough council made public the result of a house-to-house survey which showed, 4,218 of Donora's 15,000 population are affected by the fatal smog. Palchak said the survey revealed young as well as elderly persons were affected. He added: "Many of the victims were 4, 6, and 8 years old." All of the deaths occurred among persons 50 or over who had asthmatic or heart conditions.

#### CIVIL SERVICE JOBS

Positions open in the United States civil service, according to an announcement made today, include storekeeper positions at the Naval Supply depot, Mechanicsburg, and other federal agencies in central Pennsylvania. The government printing office in Washington, D. C., also announced vacancies for

printers, monotype keyboard and slug machine operators. Further information may be obtained from Jesse E. Snyder, local secretary, at the post office.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevro-

let went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

## LAWMAKERS HAVE CHOICE OF TAX PLANS

Harrisburg, Jan. 7 (AP)—Pennsylvania's lawmakers now have a wide choice of ways of providing the billion dollars state operations are expected to cost in the next two years.

Gov. James H. Duff says the present tax set-up has worked well so far and why change it with the continued needs ahead.

"We have just financed the most construction we've ever had in the state in any two-year period and we have cash in the bank," he declared.

"If you were in business, you wouldn't drop the known for the unknown."

The only change he is seeking is an increase in the gasoline tax.

Whether it is a one or two cent a gallon boost depends on the establishment of a new state building authority with powers to build

bridges and roads.

### Many Tax Plans

On the other hand, the heads of the committees, which will consider taxes in the Republican-controlled legislature, favor a complete reshuffling of business levies, imposition of a statewide retail sales tax for schools and municipalities and dropping the 1947 soft drink tax.

They are members of a special tax study committee which also has urged drastic revision of the 1947 local tax law. The committee asked that school districts be stripped of all their powers to tax anything and that municipalities be limited to wage and head taxes and levies on unincorporated business and professions.

Both the governor and Democratic lawmakers are openly against the sales tax.

### Must Reconcile Studies

The militant Democratic minority also is against continuation of the soft drink tax and is urging revision of the local tax law—principally to take away the right of local communities to levy wage taxes.

"By calling for the elimination of

## MERCY KILLINGS ARE OPPOSED BY MINISTERS

Pittsburgh, Jan. 7 (AP)—Voluntary mercy killings, as proposed for New York state by a committee of 379 Protestant and Jewish clergymen, were almost unanimously condemned by Pittsburgh clergymen today.

The New York group asked the legislature to legalize ending the lives of "incurables" who consent to such action.

Dr. Solomon Frechhof, rabbi of Rodef Shalom Temple here, declared "research would end the moment we kill off those we can't cure," and added: "Once we allow the principle that it is permitted to take away a life from non-criminals for their sake, we break down one of the greatest safeguards of human life."

"Doctors ought to keep their Hippocratic oath," asserted Monsignor Andrew J. Pauler, rector of St. Paul's Roman Catholic Cathedral. "They pledge themselves to cure, not kill. There are three instances prescribed by scripture where a life may be taken—in self-defense, in a just war, and in capital punishment."

Bishop Austin P. Pardue, head of the Pittsburgh Episcopal Diocese, went even further. He said: "I do

the pop tax," says Rep. H. G. Andrews (D-Cambria), House minority leader. "The tax committee is making a left-handed concession to the Democrats. They want the anti-pop tax folks to hammer the Democrats to support the tax study program."

Andrews insists the legislature will have to take the "fragmentary studies" of both the tax committee and the governor's budget office and "try to reconcile them on some sensible grounds."

not approve the taking of human life under any circumstances."

From Rev. John R. Wannemacher of the Stewart Avenue Lutheran church came the opinion that mercy deaths might be advisable "under certain conditions." However, he condemned the New York proposal. "An over-all law would run into certain dangers," said Mr. Wannemacher. "Diseases are incurable only as long as the cure has not been found."

### DR. RASMUSSEN WILL CONDUCT MISSION HERE

The annual preaching mission sponsored by the Littlestown Ministerium will open on Sunday evening at 7:30 o'clock in St. Paul's Lutheran church. Services will be held nightly until Friday night at the same hour in St. Paul's church. Guest speaker for the week will be

DR. RASMUSSEN

the Rev. Dr. Carl C. Rasmussen, professor of systematic theology in the Gettysburg seminary. Dr. Rasmussen has chosen "The Rebirth of Conviction" as the theme for his opening message.

Special music has been arranged for each of the services by a committee from the ministerium consisting of the Rev. Kenneth D. James and the Rev. Frank E. Reynolds. A community Junior choir will furnish the special music for the opening service on Sunday evening. The host pastor, the Rev. David S. Kammerer will preside

over the Sunday night service.

The committee announces the following program of special music for the preaching mission: Monday evening, a male chorus from the Lutheran church, Taneytown; Tuesday, a community Senior choir; Wednesday, to be announced; Thursday, the Littlestown Men's chorus; and Friday, a male quartet from St. David's Union church, York county.

All the churches and all the ministers of the ministerium are co-operating with this preaching mission. A different minister will preside at each service.

A public reception has been planned for Dr. and Mrs. Rasmussen in the Sunday school room of St. Paul's church on Monday evening following the service.

The public is invited to all of these services and to the reception.

### CAB APPROVAL BEING AWAITED

Wilmington, Del., Jan. 7 (AP)—Regular passenger air service between Maryland and neighboring areas can begin as early as Feb. 15 if the Civil Aeronautics Board gives its approval.

All-American Airways, Inc., said yesterday it will be ready by that date to inaugurate a route from Washington to Pittsburgh, with stops at Baltimore, Frederick, Hagerstown, Cumberland, Martinsburg, W. Va., and Conneville-Uniontown, Pa.

Another proposed route would link Wilmington, Baltimore, Salisbury, Easton, and Washington, while a third would connect Washington, Baltimore, Dover (Del.), and the New Jersey towns of Bridgeton, Vineland, Millville and Ocean City. The firm has asked permission to

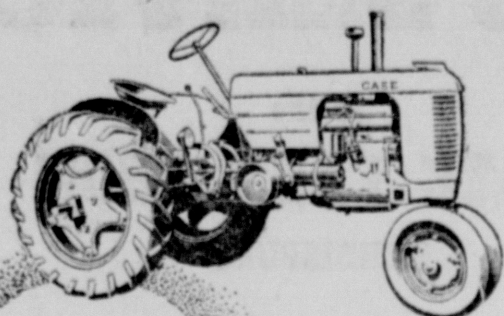

discontinue its present mail routes before beginning operation on the passenger routes. The CAB awarded the passenger routes on condition that they did not duplicate the mail service now performed by the company.

The CAB has made no decision on the request that the mail routes be discontinued, but it must do so by Feb. 19 at the latest. That is one year from the date of the original award of the passenger franchise.

**"Buick's the Buy!"**

EVER since this '49 Buick made its bow, we've been telling you it's a buy.

We've invited you to match it—feature by feature and dollar for dollar—with anything else offered to you. You can start with the delivered prices shown here.

But don't stop with that. Check the policy under which Buicks are sold—and see for yourself that Buick means a better deal as well as a better buy!

Briefly, our Four-Square sales policy is this:

1. **NO PRICE PADDING!** We guarantee our prices to contain nothing but charges that were standard practice in figuring prewar delivered prices. You receive an itemized bill of

sale showing all charges. And we display our prices in our showroom.

2. **NO "LOADING" OF UNWANTED ACCESSORIES.** All cars are delivered with accessories as ordered. We pledge ourselves to add no "extras" you do not want.

3. **NO COMPULSORY TRADE-INS.** Selling used cars is part of our business. Naturally we like to take cars in trade. But you do not have to sell your car to us! We will take your order, and deliver your car, without requiring a car in trade!

4. **NO COLLUSION WITH "GRAY MARKETERS."** We will not knowingly be party to a sale of Buick cars to any individual who operates in the "gray market." Our interest

is entirely in delivering cars to bona fide customers.

In other words—you know exactly where you stand when you buy a Buick. What you get—what you pay—all the details of the deal open and aboveboard.

So we repeat: Check the price. Check the policy. Buick's the buy any way you want to look at it.

## 'HEN' BREAM IS LIONS' SPEAKER; SQUAD GUESTS

"If there were more athletics, especially football, played in the foreign countries, there would not be so much energy stored up for war," Henry T. Bream, head football coach at Gettysburg college told the Littlestown Lions at their meeting in Banker's restaurant, Gettysburg, on Thursday evening, when the Littlestown high school squad were guests of the club. He also said: "Because of the athletic program in America, our men are better prepared to fight." During the course of his address, the speaker stressed four points that are necessary in relation to athletics: confidence, sacrifice, self control and sportsmanship.

A. G. Ealy, Hanover, former coach at the Eichelberger high school, was toastmaster. Mr. Bream also showed pictures of the Thanksgiving Day football game between Franklin and Marshall and Gettysburg colleges at Lancaster.

An investiture service and "Fly-Up" ceremony of Brownie Scouts was held Wednesday evening in the P. O. S. of A. hall, Marilyn Spangler, Patricia Long and Virginia Koonitz, members of Troop B, No. 28, Girl Scouts, formed the color. After the pledge of allegiance and the singing of "America," Mrs. Carl Baumgardner, chairman of the Brownie troop committee, introduced Miss Marion Tupper, Girl Scout executive, Gettysburg, who conducted the ceremonies.

In the first ceremony, four new leaders were invested. They were Mrs. Thelma Heiser, Mrs. Charles Fissel, Mrs. Dorothy Hartlaub and Mrs. David S. Kammerer, Jr.

The second ceremony was a candlelight investiture ritual when the following 18 new Brownies were invested: Jean Krout, Sheila Worley, Gloria Burgoon, Donna Reaver, Judy Long, Janet Koonitz, Janet Sell, Betty Wallick, Joyce, Janice and Judith Breighner, Frances Miller, Susan Strevig, Julie Ann Kammerer, Shirley Hafe, Paye Daley, Patricia Yingling and Mary Gail Oouker. Each girl lit a candle and recited the Brownie promise individually. Miss Tupper presented them with their pins and they sang the Brownie song. These girls will form a new troop which will be No. 34 and will meet every Monday at 4 p. m. Mrs. A. C. Richards, Jr., will be their leader, and Mrs. D. S. Kammerer, their assistant leader.

The mothers of these girls were standing behind them and received their wings. The girls then faced their mothers, who placed the wings on their sleeves. Each girl lit a candle and recited the Girl Scout law individually. They repeated the promise together and received their Girl Scout pins from Miss Tupper. These girls will join Girl Scout Troop No. 26 of which Mrs. Dorothy Hartlaub is the leader and Mrs. Thelma Heiser, the assistant leader. They will meet each Wednesday night at 6 o'clock. Girls who have been Brownies over a year and not eligible to "Fly Up" received flower pendants for their Brownie pins. They are: Geraldine Roberts, Barbara Crouse, Sandra Shadle, Jolinda Hoopert, Mary Ritter, Judy Ruggles, Wanda Pettyjohn, Peggy Miller and Bette Reaver. They are part of Brownie Troop No. 16 and meet Tuesday afternoon at 4 o'clock. Mrs. Ralph Reaver is leader and Mrs. Charles Fissel, assistant leader.

Movies were then shown of the day camps which were conducted last summer. The ceremonies ended with the retiring of the flags. The Brownie Troop committee includes Mrs. Carl Baumgardner, chairman, Mrs. Donald Lemmon, Mrs. Walter F. Crouse, Mrs. Harvey Pettijohn, Mrs. Robert Thomas and Mrs. Richard Long.

## Bartender Slain During Holdup

Chester, Pa., Jan. 7 (AP)—A Chester bartender was shot to death during a holdup early today, police reported. The victim was identified as Jacob Davis, 32, bartender in the 520 club, in the Chester business district.

Fred Jack, chief of Delaware county detectives, said two men entered the taproom about 11:30 p. m. and waited about an hour before flashing guns. One of the men, Jack said, ordered Davis to hand him some money from the cash register and then directed the bartender to get a cash box from under the bar. As Davis complied, Jack said, one of the robbers shot him in the

chest. The two men fled after ordering a crowd of taproom patrons to remain quiet, the detective said.

Davis was dead when police arrived. The exact amount of money taken could not be determined immediately, Jack said.

## Xmas Trees Burn Ahead Of Schedule

Philadelphia, Jan. 7 (AP)—Suburban Upper Darby had its annual "burning of the greens" last night—48 hours ahead of time and without the traditional ceremony.

Nearly 1,000 Christmas trees had been collected from Upper Darby homes and stacked in a pile 20 feet

high and 75 feet long for a community bonfire tomorrow night.

Last night, however, the trees went up in smoke before firemen could extinguish a blaze that nearby residents said apparently was started by some mischievous youngsters.

## The things that money can't buy

ALL through the year we keep reminding you of the tangible returns your money can bring you through regular savings. And that is as it should be, for the security of a savings account is distinctly to your own advantage.

Yet as we face the coming year soberly and thoughtfully, it becomes obvious that it is for the things that money CAN'T buy that the greatest need exists today.

Cash cannot purchase the international harmony upon which world peace depends. It is from our SPIRITUAL not our financial resources that must come the kind of leadership for which the whole world looks to America.

The fundamental issues between la-

bor and management that threaten our entire productive system go deeper than wages and profits alone. They can be solved only when men add to the economic balance sheet a sense of mutual interdependence and a spirit of mutual trust.

What is the current market price of the understanding heart and the helping hand? These are the priceless commodities fast disappearing from our midst. It is not the dollars that we lack but the WILL to serve mankind by serving one another.

Not until we cherish the Great Commandment "Love thy neighbor as thyself" as a living creed instead of a forgotten proverb will the Star again rise on a world in which there is peace on earth, good will to men.
